

Nábytok s MDF vrchnou doskou (lakovaná, laminovaná, dyha alebo potiahnutá papierom)  
 Dávajte pozor na ostré predmety, pretože môžu poškriabať povrch a okraje. Očistite povrch vlhkou handričkou. Nadmerné množstvo tekutín môže spôsobiť bublinky na povrchu. Časť nášho nábytku je ručne maľovaná, preto rozdiely vo farbe / malé škrabance na povrchu nereklamujeme.
